

# ASSOCIATION OF CANCER EXECUTIVES

## MISSION

ACE is a national organization whose focus is to promote the advancement of its members' professional standing and personal achievement through continuing education in oncology management, research, strategic planning, and program development.

## ACE PROFILE

- Nationwide Network of Members
- Hospital-Based Cancer Centers
- Freestanding Cancer Centers
- Oncology Program Consultants
- Oncology Vendor Partners

## GOALS & OBJECTIVES

- Promote excellence and enhance skills in leadership in business and clinical management aspects of cancer care
- Provide a forum for dialogue on cancer program development challenges and opportunities
- Disseminate emerging, innovative oncology management best practices among the national cancer care community
- Optimize the value of networking and support continuing education for cancer care administrators
